

# Nittany Country Club

## Cart Policies

April 2022

\* revised March 2023

### **Private Carts:**

- Two owners per cart
- Owners must reside in the same household
- If both owners are playing in a club sponsored event but are not in the same group one of the owners may use a club cart at no cost to him / her
- If one owner is using the cart in a non-club sponsored event, the other owner may:
  - Pay a cart fee to use a club cart
  - Ride, without cost, with another member in a privately owned cart
- If a private cart is out of commission, the cart owners may:
  - Purchase a punch card in the pro shop
  - Pay as you go for use of a club cart
  - Purchase an annual pass (the trail fee can be applied to this purchase)
- A private cart owner may not borrow the cart of another private cart owner

### **Revision March 2023**

- If a family membership with two trail fees agrees at the beginning of the season to loan their cart to the Club if it was needed for tournament/outings they would be able to use a Club cart anytime during the season if their private cart was being used on the course by the other household member/trail fee holder. If a family membership with two trail fees chooses not to loan their cart for tournaments/outings they would pay to use a club cart or ride with another private cart owner whenever their private cart is already in use. The exception to this policy is for club sponsored golf events in which both private cart owners are participating. In those situations, the person not using their private cart could ride in a club cart without charge.
- If a single member who pays a trail fee agrees to loan their cart upon request at the time of the tournament/outing they will receive a \$20 gift card from NCC to be used anywhere at the Club.

### **Club Carts:**

- Club carts may be used:
  - Through the purchase of punch cards; these cards are for 9-hole increments; if you play more than 9 holes, another round of 9 will be punched on the card
  - Through the purchase of a yearly cart pass
  - By paying as you go for either 9 or 18 holes
- No more than 2 club carts per foursome are permitted
- If non-members and those not playing in the tournament wish to use a club cart to watch matches, there is a fee of \$10.00 per person. Cart pass holders and private owners are exempt.
